

## OUR LOVING ANIMALS AT ECI

We've lost many of our dogs over the years, it never gets easier, only harder! We love all of our animals here at ECI and its never easy to see one leave us.

'TINA' another one of our Beautiful rescue dogs. Tina came into our lives 12 years ago. A mixed breed black with brown points. Gonzalo found Tina wandering around in the back 40 at ECI. Tina at first was reluctant, and you could tell that she had been badly mistreated. She was gun shy at first and as soon as she knew she was in a very loving home at the farm, she warmed up especially with Gonzalo and myself. When we rescued Tina, she was approximately 4 years old. Tina two months ago while at the Vets for her shots, the vets asked if they could x-ray her as well. What they found was very sad, as there would be no turning back. Tina was having Kidney & Bladder failure.

Surgery was not an option. Tina will live her second life, (actually her third life, after being rescued) at 'TEAM-ECI' WE WILL MISS HER AND LOVE HER FOREVER.

'Poochie' was 14 and one of our Jack Russel's we bred here at 'TEAM-ECI' and she was everyone's friend. She would go home with her brother CJ every afternoon in Michael's car, and would immediately take over Michael's bed.

She was one of the sweetest most loving dogs we have had. Great personality and warmed everyone's heart. We miss her dearly! She has her new life in Our Animal Heaven.

GRACIE' We lost our Dear Rescue Dog and our ECI Mascot "Gracie" on Oct. 5th at 5:45 p.m. Gracie came to us (via Gonzalo finding her in the back 40) 12 years ago, at the age of 6 years old, she was skin and bones and totally dehydrated. This was in "Awful August". Gonzalo brought Gracie to my office. Gracie was the first of many rescue dogs we would bring into our farm and into our hearts. I called our vet Dr. James Clark and explained the situation to him. He would be out that afternoon. Within a ½ hour after Gracie had something to eat and drink she laid very quiet in my office and then proceeded (the skin and bones that she was) to give birth to 8 beautiful puppies. Every one of her puppies were just like her white, gray and charcoal, and with the Phantom Face (such a beautiful mask) All of our "TEAM-ECI" Family of Friends took the puppies at 6 weeks old. Gracie had a wonderful 12 years with us at ECI, and ECI was her Palace to run, play and feel SAFE! Gracie was 18 years old when she left us to the Heavens, but she will always be a part of us in Heart and Soul right here at 'TEAM-ECI'. We love and miss her very much! She now sleeps under her very favorite Acacia tree.
